

Legion Fails To Purchase Land For Larger National Cemetery; Unnamed Owner Refuses To Sell

The Albert J. Lentz American Legion post has received a flat rejection of an offer to purchase the five-acre plot adjoining the Gettysburg National cemetery. The post had hoped to buy the land and make it available to the government as an addition to the cemetery.

Attorney Donald M. Swope, chairman of the committee appointed by the Legion to meet with the owner of the land, reported on the rejection received by his committee at Monday evening's meeting of the local post held in the Legion home, Baltimore street.

The committee, comprising Attorney Swope, Roy A. Alexander and the incoming commander, Harold Wentz, had instruction to obtain a price on the property.

Sought Cemetery Addition

Working in conjunction with Congressman James F. Lind, the local Legion post had hoped to be able to buy the land with money raised locally and then make the plot available to the government for use as an addition to the Gettysburg National cemetery. It was hoped that the government would pay the Legion at least as much as had been previously authorized for purchase of the land, or possibly the entire purchase price.

The committee met with Attorney William W. Hafer, of York, who represents the unnamed owner of the plot. Hafer conferred with his client and wrote the local committee as follows:

"The property adjacent to the National cemetery and which fronts on Steinwehr avenue is not for sale for any purpose. I have explained to my client, the owner of the lot, the circumstances surrounding your offer and explained in detail to him the various methods that you outlined by which this lot could be transferred so that it ultimately will become a part of the National cemetery."

Will Fight Condemnation

"I also informed my client of the possibilities that this property might be annexed were it condemned by the federal government and I wish to inform you and your committee that if such a move is taken it will be resisted."

"I am indeed sorry that I have been unable to cooperate with the American Legion post in their efforts to have this particular lot annexed to the National cemetery and hope they will understand my position. If this property should ever become available for sale, I will contact you immediately so that the American Legion post of Gettysburg will have first opportunity to negotiate for same."

The committee was instructed to draw up a resolution expressing the feeling of the post on the matter to be submitted at the next meeting of the Lentz Legion post. Copies of the resolution will then be forwarded to Congressman Lind and Senators Martin and Duff.

Elks Plan Dance To Honor Marchers

The marching club of the Gettysburg Elks lodge, winners of three prizes at the state convention in Williamsport, will be honored guests at a special dance to be held at the lodge home Wednesday evening.

Ira Bowman and his orchestra of Lancaster will furnish the music starting at 9:30 o'clock.

AUXILIARY IS PREPARING FOR ANNUAL BENEFIT

Ticket committee chairman for the forthcoming annual benefit of the Warner hospital auxiliary were announced today by Mrs. Joseph Heiney.

The chairman are setting up groups within their own communities to conduct a house-to-house canvass for the sale of tickets for the annual event to be held in the form of both a card party and a dance at the Moose home, York street, October 11.

Each year the auxiliary raises a large portion of the money it uses for improvements at the hospital through the benefit party.

General admission tickets, admitting one person to either the card party or the dance, are available at \$1 while sponsor tickets, \$5 each, admit two to both the dance and the card party. The card party is scheduled for the Moose home at 2:30 o'clock on the afternoon of October 11, while the dance, to the music of Ira Bowman's orchestra, will begin at 9 o'clock that evening.

Workers Listed

In addition to selling tickets, the solicitors will accept donations of money, foodstuffs or prizes, following the usual custom in connection with the benefit.

The ticket drive chairman include:

BLACK WALNUT SCOUTERS HOLD DISTRICT MEET

The Black Walnut district now has a total of 210 Boy Scouts, 107 Scouters, 82 Cub Scouts, 28 Cub Scout leaders and 19 den mothers. David M. Dickson, area executive, reported Monday evening at a meeting of the district Boy Scout committee held at the court house.

Dickson also reported that Camp Tuckahoe, the York-Adams area Boy Scout camp near Dillsburg, had its best season during the last summer, with a total of 950 camper-weeks recorded, as compared to 750 for the previous year. The biggest attendance during any week was 238 scouts.

He added that the lake at the camp will be completed soon and after that a three-month period will be necessary for the lake to fill. As a result, he added, it will be completed and filled prior to the opening of next summer's camping.

No Campaign Report

More troops from the Black Walnut district were represented at camp this summer, but fewer scouts. This year 10 troops attended camp as compared to seven during 1951. But the number of Boy Scouts in attendance dropped from 67 to 61.

No report was made at the meeting.

Sergeant Jeffcoat Receives Medal For Service In Korea

Sergeant First Class James R. Jeffcoat, son of Mrs. Eliza Jeffcoat, Gettysburg R. 2, has been awarded a commendation ribbon with medal for meritorious service from August 5, 1950, to November 2, 1950, in Korea.

A veteran of eight and a half years service in the army, the citation, made by the Second Infantry division's commander, General Stewart, noted:

"While performing the duties of both squad leader and platoon sergeant of the ammunition and pioneer platoon, he displayed initiative and ingenuity in overcoming obstacles and problems. In addition to his normal duties, he led members of his squad in search of materials which were not available through normal supply channels. At times he was called upon to lead his men to fill gaps in the battalion line. The service performed by Sergeant Jeffcoat re-

Emperor Host To Ridgways

Tokyo, Sept. 18 (AP) — Emperor Hirohito was host today to Gen. Matthew B. Ridgway and his wife at a history-making luncheon in the Imperial palace.

It was the first time in more than six years of Allied occupation that a supreme Allied commander had called on the Emperor. Gen. Douglas MacArthur never called at the Imperial palace although the Emperor paid him official calls.

Today's affair was strictly social. The Ridgways were invited by the Emperor and Empress.

Other guests were U. S. Ambassador and Mrs. William J. Sebald and Lt. Col. E. S. Adams, Jr., Ridgway's aide.

Signing of the Japanese peace treaty at San Francisco apparently was the signal for social relations between the Emperor and the man who represents the forces that defeated Japan in World War II.

TO ASK VOTERS TO VALIDATE SCHOOL DEBT

Voters of Menallen township will be asked at the forthcoming November election to validate a debt of \$42,641.87 contracted by the township's school board.

The board Monday afternoon petitioned the county election board to provide for a vote in November on the question: "Shall the unfunded debt of the school district of Menallen township, being \$42,641.87, which said debt exceeds two percent of the assessed valuation of taxable property in the said school district, but which does not exceed seven percent of the assessed valuation of said taxable property, be ratified, validated and confirmed?" The voters will be asked to vote "yes" or "no" on the question.

The petition was signed by Russell Weaver, president of the township school board, and Pearl K. Wenk, its secretary.

Need Voters' Okay

State law provides that school boards may borrow money equal to two percent of the assessed valuation, but that if they wish to borrow above that amount they must put the question to the voters.

The township had an assessed valuation of approximately \$699,000, making the two percent put limitation on borrowing approximately \$12,100.

All of the residents of the county will have an opportunity to vote on two state constitutional amendments at November's election. The one constitutional amendment provides for doing away with the county offices in Philadelphia, assigning their duties to city offices. The other would raise Philadelphia's debt limit.

Oxford and Franklin township voters will also be asked to vote on the question of Sunday movies.

JOHN WADHAM IS NEW PRESIDENT OF CRAFTS GUILD

John Wadham, New Oxford R. D., was elected president of the Associated Arts and Crafts Guild of Adams county at a meeting held in the art center, Lincoln Square, Monday evening.

Other officers named included John Byers, Littlestown, vice president; Miss Alma Cluck, McKnightstown, secretary, and Miss Rose Stock, Gettysburg, treasurer.

Plans were advanced for the public showing Saturday night at the South Mountain Fair Memorial auditorium of a motion picture on the Pennsylvania Dutch and a motion picture taken June 30 at the outdoor art show held at the court house lawn.

It was reported that the Cannonball Chapter of the Pennsylvania Young Farmers will purchase donuts and cider for the youngsters from Hoffman's and Paradise protectories who will be guests of the guild at the showing. The donuts and cider will be on sale at the showing.

Plans were also made for an open house at the art center on October 12, 13 and 14 in observance of the first anniversary of the county group.

CIVIC-SERVICE UNIT PREPARES FIRST PROJECTS

The Associated Civic and Service club, an overall group made up of representatives from the Rotary, Lions, Exchange and Soroptimist clubs and the Women's Civic council, will announce in the early future the first projects to be jointly promoted by the service and civic groups. James S. Cairns reported Monday evening at the regular meeting of the Rotary club at the YWCA.

Cairns, president of the associated group, gave details of the activities of the organization during the course of a report on the activities of Rotary's Civic Affairs committee, of which he is chairman.

"Each service club has been asked to set forth its preferences as to our aims and ideals," Cairns said of the associated club. "From those suggestions the club hopes to select the projects that are most popular and seek combined action. Among the Rotary, Lions, Exchange, Soroptimist and Women's Civic Council practically every family in town is represented and it is felt that the potential power of such a united group can complete programs that are far above the ability of any one of the organizations."

Lists Suggestions

"While the boards of directors of the various groups have not all submitted their recommendations to the associated organization, a number of excellent suggestions have already been received. The associated group has not as yet adopted any of the suggestions. The ones listed so far include:

"A tribute to the memory of Abraham Lincoln in the form of a statue or monument.

"A comfort station for the convenience of the thousands of tourists who visit our community each year from all parts of the nation.

"Promotion of a proposed state highway located immediately adjacent to Gettysburg between Harrisburg and Washington.

"Construction of large attractive signs along the highways indicating to visitors that they are about to enter Gettysburg.

"The gradual removal of trees in our community is depriving it of one of its charms. Each tree cut down for safety or old age should be replaced.

"Addition to the Annie Warner hospital for dispensary and x-ray departments.

"Establishment of a county-wide apple festival similar to that held at Winchester, Va.

"Publicizing of the area at Judas blossom time.

Ready for Action

"So far nothing definite has been accomplished by the associated group because its time has been devoted to getting organized, electing

Surprise Allied Attack Is Stopped By Dug-In Reds; No Word On Armistice Talks

Tokyo, Sept. 18 (AP)—The United Nations command waited today for the Communists to say when the Korean truce talks will be resumed.

Gen. Matthew B. Ridgway's headquarters made this pointedly clear in a release that spelled out what the supreme Allied commander said yesterday in his message to the Red high command.

"There can be no resumption of the negotiations x x x until the Communists terminate the suspension of the armistice talks they declared on August 23," the statement said.

Ready To Talk Terms

The Allied commander told the Chinese and North Koreans he was ready to send his liaison officers "to discuss conditions that will be mutually satisfactory for a resumption of the armistice talks."

But he reminded the Reds that they had broken off the meetings—because of alleged Allied violations of the Kaesong neutral zone—and it was up to them to repair the breach.

The Ridgway message was milder in tone than many of the sharp notes he has sent to the Communist leaders, North Korean Premier Kim Il Sung and Chinese Gen. Peng Teh-huai.

And it hinted Ridgway may be willing to drop his suggestion that the truce talks be switched from Kaesong to another site.

LOCAL GARAGE GETS CONTRACT TO PAINT TRUCK

The board of officers of the Gettysburg fire department, at a meeting held at the fire engine house Monday evening, voted to accept the low bid of Glenn L. Bream garage, Buford avenue, for the painting of its Chevrolet pumper.

The truck has been remodeled. Ladder racks on top have been removed, and a new booster tank which will carry nearly 500 gallons of water has been installed. As soon as it is re-painted, it will be placed in regular service. The Bream garage's bid was \$174.50.

The officers voted to accept the new Mack 750-gallon pumper with 500-gallon booster tank, as soon as the report of the fire underwriters tests has been received. The tests were made Friday and fire company officials were told verbally that the truck passed every requirement.

May Transfer Radio

The question of removing the short wave radio receiver and transmitter from the GMC-LaFrance truck No. 3 and installing it in the new Mack was discussed, but no action taken Monday night. A representative of the Link company, which installed the radio equipment, will come here to discuss the transfer and its cost. If prohibitive, the set will be left in the GMC, William G. Weaver, president of the fire company, said.

The new truck has been fully equipped except for the radio, and loaded with 1,150 feet house, and is ready for service, Weaver said.

INDIAN HOPES FADE RAPIDLY AS YANKS WIN

By JOE REICHER
(Associated Press Sports Writer)

Cleveland's vanishing Indians are rid of New York for the season but they may have left the pennant behind in Yankee stadium.

As they have done in all but one of their 11 games on the Yankees' home grounds, the Indians lost again yesterday. This time they dropped a galling 2-1 tussle that put them a full game behind the front-running New Yorkers.

It may be a case of out of the frying pan into the fire for the beleaguered Tribe, who open a two-game series with the Red Sox today in Boston. The Red Sox, winners of six of their last seven starts and fresh from a 12-5 romp over the Chicago White Sox, are only a game and a half behind Cleveland in this tense three-team American league race.

Deft Bunt By Rizzuto
Losing to New York is an old Cleveland custom. In the last 20 years the Indians have won only one season series from the Yankees.

It was Phil Rizzuto, the shortest of the Yanks, who beat the Indians yesterday with the shortest of hits. The winning blow—a deft squeeze bunt that didn't even reach the pitcher's mound—brought in Joe DiMaggio with the payoff run.

It came in the last of the ninth after Cleveland Manager Al Lopez had ordered Pitcher Bob Lemon to walk Bobby Brown on purpose with runners on first and third and one out.

30th Homer For Ted
The victory went to Eddie Lopat, who squelched the Indians with three hits to reach the 20-win mark for the first time in his career. The only Cleveland tally came in the sixth and it took an error to pave the way for the Indians' unearned run. An infield out followed by Bobby Avila's single brought the run across.

A 13-hit Red Sox attack, featured by the clubbing of Ted Williams and Clyde Volmer, gave Ray Scarborough his 12th victory over the White Sox. Williams had a perfect day at bat with two singles, a double and his 30th homer in four official times at bat. Volmer banked in five runs with two singles and his 22nd homer.

The Brooklyn Dodgers not only had their National League lead cut to four games over New York's Giants as they bowed to the Cubs, 5-3, in Chicago, but lost the services of Roy Campanella for at least two days.

Campanella In Hospital
Brooklyn's star catcher was laid low by a pitched ball which struck him on the left ear and sent him to the hospital. The pitch, delivered by Turk Lown in the second inning, knocked Campanella unconscious. X-rays taken later showed no fracture, but Roy was held overnight for observation.

Tommy Brown hit his ninth homer of the season in the 10th inning to give Robin Roberts his 20th victory and the Philadelphia Phils a 2-1 triumph over the St. Louis Cardinals.

All other teams enjoyed a day off.

Simpson Leading Nation's Reinsmen

Columbus, O., Sept. 18 (AP) — The money-won division for the country's top reinsmen could be shuffled quite a bit by Thursday's \$65,000 "Little Brown Jug" race for three-year-olds at the Delaware County fair.

Up to date, 31-year-old Johnny Simpson of Chester, S. C., is setting a stiff pace as he leads in both the money and race-won divisions of the harness sport.

The southerner, who gives up his huge public stable at the end of the campaign, has won 84 races and \$188,000, figures compiled by the United States Trotting association through the first week of September show.

Simpson is almost \$50,000 ahead in the money-won column over second place Billy Haughton, 27-year-old Pultonsville, N. Y., star, and has won 10 more races than W. N. McMillen of London, O. The South Carolinian will take over as general manager of the Hanover Shoe farms of Hanover, Pa., when the season ends.

ALL-STAR TILT AT LITTLESTOWN

The "North" and the "South" will clash for the final game of a three-game series in the all-star Pen-Mar schedule Wednesday evening at 8 o'clock under the lights of the Littlestown Memorial field.

In the first all-star game the Marylanders defeated the Pennsylvanians 5-1, and in the second game the Keystone lads were victorious over the boys from south of the Mason and Dixon, 9-6. Each team of the league, consisting of Thurmont, Emmitsburg, Westminster, Taneytown, McSherrystown, Cashtown, Fairfield and Littlestown, will send a pitcher, a catcher and three other outstanding players. The league rule states that no pitcher may pitch for more than three innings.

On Wednesday evening the "North" will take the field for batting practice at 6:30 o'clock and the "South" will get the field at 7:15 o'clock. The admission cost will be 50 cents for adults and 25 cents for children from six to 12 years of age. A large number of Pen-Mar fans are expected to witness the game which was previously scheduled for last Thursday evening, but was cancelled due to the inclement weather.

Sports Roundup

By HUGH FULLERTON, JR.
New York, Sept. 18 (AP) — Wonder if Gov. Frank Lausche's withdrawal as a candidate for the baseball commission means that the club owners have crossed him off the list for Thursday's election or that he has learned he has a good future in politics? Also wonder if it is significant that the U. of Michigan football brochure arrived in an envelope stamped "second class mail"? Ohio State and Illinois, to name two, are strictly first class this season.

Ham Richardson, the young Baton Rouge, La., tennis star who was scheduled to enter Tulane this fall, got his family's okay to postpone study until January if he was picked as an official member of the Davis Cup team to go to Australia. There was no trouble about that when an "angel" offered to pay Richardson's expenses. Dr. David P. Tracy, the baseball psychologist, is coming out with a new book called "How to Sleep without Pills." No doubt the Browns taught him that, too.

THAT'S OIL RIGHT
Tom Carroll, 218-pound tackle at Dayton U., has been trying out a new brace for a trick knee received in football practice and Head Coach Joe Gavin asked him how it was working out. "Just fine coach," answered Carroll. "Only trouble is the darn thing squeaks so I won't be able to sneak up on peel blocks surprise them from the rear. They can hear me coming."

ONE-MINUTE SPORTS PAGE
Warning to southern schools: Lay off those grits for breakfast when your football players come from the north. A freshman prospect who left the Kentucky campus after a week of pre-season practice and turned up at Penn State revealed that his prize complaints were against the heat, the hours (early morning drills) and the hominy.

Pee-wee Reese, hearing of the death of Bill Klem, recalled one time when he had directed a questioning glance at the old arbitrator after a third called strike. Bill just said: "Young man, don't blame me. It was the pitcher who fooled you." Myles Lane, the former Dartmouth football and hockey star, has succeeded Irving Saypol as United States attorney for the southern district of New York. There's a smart young man with good sports background to put on your list if you're looking for a league president, commissioner, etc. Tip from Chicago after the Washington Park race meet closed: "Watch Calumet's A. Gleam and J. H. Dunn's Oh Leo in the eastern two-year-old chase."

Except for a few waterfalls and rapids, the Congo river is navigable by river steamer for nearly 4,000 miles.

BISONS STUDY FILMS OF OLD G-BURG GAMES

Levittown, Pa., Sept. 18 — In the midst of final preparations for the season opener, Bucknell university's football team is going to the movies almost daily under the full sanction of Coach Harry Lawrence.

The movies, however, are not of the entertainment variety. The only films being shown to Bucknell's squad are those of the past two games with Gettysburg college. Coach Lawrence is digging out the old pictures to impress upon the Bisons that the opener against Gettysburg this Saturday night, September 22, at Hershey is going to be a rough assignment.

Bucknell dropped a heart-breaker to Gettysburg by a 34-33 score in 1949 an dround the sailing anything but smooth in posting a 20 to 15 triumph over the Battlefields last fall. Lawrence is using the projector to familiarize his squad with the type of football the opponent is like to use in the Rotary Bowl game Saturday.

Predicts Unexpected
"They'll do the unexpected," Lawrence has cautioned. "Watch out for fourth-down passes and be ready for those flank passes. Gettysburg will try to go around us and over us, and it wouldn't surprise me if Bream tries to run right through the middle. Be on the alert for anything and everything."

Since the Bisons will enjoy a considerable weight advantage, Lawrence punned that "a touchdown pass from a 90-pound back to a 110-pound end still counts six points, so just forget all the things you've heard and read about those little Gettysburg players. We outweighed them last year and the year before. You know what happened both times," the Bucknell coach added.

Hopper Named Cage Coach At Dickinson

Carlisle, Pa., Sept. 18 (AP) — John D. Hopper, of Camp Hill, former Dickinson college basketball star, is the new head basketball coach at the college.

Hopper was named yesterday to succeed Charles (Chick) Kennedy, who died August 31.

Frank R. Maze, head football coach, was appointed acting athletic director, and head of the college physical education department, other positions held by Kennedy.

Weston Overholt, Glen Olden, Pa., was named assistant basketball coach.

Hopper, 28, graduated from Dickinson in 1948. He was a star player during his undergraduate days, and later was a member of the Harrisburg Senators of the Eastern Professional Basketball league.

GHS LOOKS TO DELONE; SEEK IMPROVEMENT

Initial plans for their game with Delone Catholic high school at McSherrystown Friday evening at 8 o'clock were begun by the Gettysburg high school gridgers Monday.

The Warriors, despite giving a general all-around fine performance in defeating a potent Hagerstown team 6-0 in their opener Saturday, have much room for improvement.

Correcting the faults that cropped up against the Hubs will be one of the tasks upon which Coaches Howard Shoemaker and Ross Sachs concentrate this week.

It is the consensus of many fans the present Warrior team has a golden opportunity of becoming one of the best local teams in a number of years but it will take continued and ever-increasing effort on the part of the squad for each game.

In Delone the Warriors will be meeting a team that has held the upper hand consistently in the series between the schools. Ten games have been played to date and the Squires have copped eight of the contests.

Last year Gettysburg won 12-0 here and the only previous local victory was gained in 1942 when a 21-0 triumph was recorded.

Delone's victories came as follows: 1939, 6-0; 1940, 14-6; 1941, no game; 1943, 7-0; 1944, 25-0; 1945, no game; 1946, 13-6; 1947, 25-6; 1948, 13-6; 1949, 28-0.

The Squires will undoubtedly be another stiff opponent and Gettysburg will have to go all out if they hope to win.

Stretch that car dollar!

Road Test a Mercury!
(MAKE A FEATURE-BY-FEATURE COMPARISON)

Want more new car for your money? Then take the wheel of a Mercury and start adding up the extra values.

Here's a car with pace, balance, hustle. It eats up miles without denting pocketbooks. Here's a reservoir of power that barely gets topped even on steepest hills.

Swing a Mercury out onto the open road. Discover how it clings to the highway, even on curves. Ease up to a stoplight. See how swiftly it comes to a velvet-smooth stop.

Yes, any way you figure it, Mercury gives you a big, value-packed dollar's worth for every dollar invested. Arrange for a demonstration now. You'll be ready to make "the buy of your life!"

Budget Test a Mercury!
(GET PROOF OF VALUE.)

Does it have a down-to-earth first price? Mercury wears a price tag you can understand. Good looks, comfort, luxury, convenience. Mercury has them all, yet its price is kind to your budget.

Will you be sure of good gasoline mileage? Mercury has won official economy tests two years in a row.

Will upkeep stay low? You'll save money year after year. Mercury's famous stamping keeps repair bills at a rock-bottom low.

Is it famous for long life? 92% of all Mercurys built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercury keeps their value used-car market reports consistently prove it.

Standard equipment, accessories and illustrations are subject to change without notice.

3-WAY CHOICE! For "the drive of your life!" Mercury now proudly makes available a triple choice in transmissions: Merc O-Matic Drive, the new simpler, smoother, more efficient automatic transmission — or Thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard synchronized transmission.

GETTYSBURG,

INDIAN HOPES FADE RAPIDLY AS YANKS WIN

By JOE REICHLER
(Associated Press Sports Writer)

Cleveland's vanishing Indians are rid of New York for the season but they may have left the pennant behind in Yankee stadium.

As they have done in all but one of their 11 games on the Yankees' home grounds, the Indians lost again yesterday. This time they dropped a galling 2-1 tussle that put them a full game behind the front-running New Yorkers.

It may be a case of out of the frying pan into the fire for the beleaguered Tribe, who open a two-game series with the Red Sox today in Boston. The Red Sox, winners of six of their last seven starts and fresh from a 12-5 romp over the Chicago White Sox, are only a game and a half behind Cleveland in this tense three-team American league race.

Deft Bunt By Rizzuto
Losing to New York is an old Cleveland custom. In the last 20 years the Indians have won only one season series from the Yankees.

It was Phil Rizzuto, the shortest of the Yanks, who beat the Indians yesterday with the shortest of hits. The winning blow—a deft squeeze bunt that didn't even reach the pitcher's mound—brought in Joe DiMaggio with the payoff run.

It came in the last of the ninth after Cleveland Manager Al Lopez had ordered Pitcher Bob Lemon to walk Bobby Brown on purpose with runners on first and third and one out.

30th Homer For Ted

The victory went to Eddie Lopat, who squelched the Indians with three hits to reach the 20-win mark for the first time in his career. The only Cleveland tally came in the sixth and it took an error to pave the way for the Indians' unearned run. An infield out followed by Bobby Avila's single brought the run across.

A 13-hit Red Sox attack, featured by the clubbing of Ted Williams and Clyde Vollmer, gave Ray Scarborough his 12th victory over the White Sox. Williams had a perfect day at bat with two singles, a double and his 30th homer in four official times at bat. Vollmer batted in five runs with two singles and his 22nd homer.

The Brooklyn Dodgers not only had their National League lead cut to four games over New York's Giants as they bowed to the Cubs, 5-3, in Chicago, but lost the services of Roy Campanella for at least two days.

Campanella In Hospital
Brooklyn's star catcher was laid low by a pitched ball which struck him on the left ear and sent him to the hospital. The pitch, delivered by Turk Lown in the second inning, knocked Campanella unconscious. X-rays taken later showed no fracture, but Roy was held overnight for observation.

Tommy Brown hit his ninth homer of the season in the 10th inning to give Robin Roberts his 20th victory and the Philadelphia Phils a 2-1 triumph over the St. Louis Cardinals.

All other teams enjoyed a day off.

Simpson Leading Nation's Reinsmen

Columbus, O., Sept. 18 (AP) — The money-won division for the country's top reinsmen could be shuffled quite a bit by Thursday's \$65,000 "Little Brown Jug" pace for three-year-olds at the Delaware County fair.

Up to date, 31-year-old Johnny Simpson of Chester, S. C., is setting a stiff pace as he leads in both the money and race-won divisions of the harness sport.

The southerner, who gives up his huge public stable at the end of the campaign, has won 84 races and \$198,000, figures compiled by the United States Trotting association through the first week of September show.

Simpson is almost \$50,000 ahead in the money-won column over second place Billy Houghton, 27-year-old Pultenice, N. Y., star, and has won 10 more races than W. N. McMillen of London, O. The South Carolinian will take over as general manager of the Hanover Shoe farms of Hanover, Pa., when the season ends.

ALL-STAR TILT AT LITTLESTOWN

The "North" and the "South" will clash for the final game of a three-game series in the all-star Pen-Mar schedule Wednesday evening at 8 o'clock under the lights of the Littlestown Memorial field.

In the first all-star game the Marylanders defeated the Pennsylvanians 5-1, and in the second game the Keystone lads were victorious over the boys from south of the Mason and Dixon, 9-6. Each team of the league, consisting of Thurmont, Emmitsburg, Westminster, Taneytown, McSherrystown, Cashtown, Fairfield and Littlestown, will send a pitcher, a catcher and three other outstanding players. The league rule states that no pitcher may pitch for more than three innings.

On Wednesday evening the "North" will take the field for batting practice at 6:30 o'clock and the "South" will get the field at 7:15 o'clock. The admission cost will be 60 cents for adults and 25 cents for children from six to 12 years of age. A large number of Pen-Mar fans are expected to witness the game which was previously scheduled for last Thursday evening, but was cancelled due to the inclement weather.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Sept. 18 (AP) — Wonder if Gov. Frank Lausche's withdrawal as a candidate for the baseball commission means that the club owners have crossed him off the list for Thursday's election or that he has learned he has a good future in politics? . . . Also wonder if it is significant that the U. of Michigan football brochure arrived in an envelope stamped "second class mail"?

Ohio State and Illinois, to name two, are strictly first class this season. . . . Ham Richardson, the young Baton Rouge, La., tennis star who was scheduled to enter Tulane this fall, got his family's okay to postpone study until January if he was picked as an official member of the Davis Cup team to go to Australia. There was no trouble about that when an "angel" offered to pay Richardson's expenses. . . . Dr. David F. Tracy, the baseball psychologist, is coming out with a new book called "How to Sleep without Pills." No doubt the Browns taught him that, too.

THAT'S OIL RIGHT

Tom Carroll, 218-pound tackle at Dayton U., has been trying out a new brace for a trick knee received in football practice and Head Coach Joe Gavin asked him how it was working out. . . . "Just fine, coach," answered Carroll. "Only trouble is the darn thing squeaks so I won't be able to sneak up on peel blocks surprise them from the rear. They can hear me coming."

ONE-MINUTE SPORTS PAGE

Warning to southern schools: Lay off those grits for breakfast when your football players come from the north. . . . A freshman prospect who left the Kentucky campus after a week of pre-season practice and turned up at Penn State revealed that his prime complaints were against the heat, the hours (early morning drills) and the hominy. . . . Pee-wee Reese, hearing of the death of Bill Klem, recalled one time when he had directed a questioning glance at the old arbitrator after a third called strike. Bill just said: "Young man, don't blame me. It was the pitcher who fooled you." . . . Myles Lane, the former Dartmouth football and hockey star, has succeeded Irving Saypol as United States attorney for the southern district of New York. There's a smart young man with good sports background to put on your list if you're looking for a league president, commissioner, etc. . . . Tip from Chicago after the Washington Park race meet closed: "Watch Calumet's A Gleam and J. H. Dunn's Oh Leo in the eastern two-year-old chase."

Except for a few waterfalls and rapids, the Congo river is navigable by river steamer for nearly 4,000 miles.

BISONS STUDY FILMS OF OLD G-BURG GAMES

Lewisburg, Pa., Sept. 18 — In the midst of final preparations for the season opener, Bucknell university's football team is going to the movies almost daily under the full sanction of Coach Harry Lawrence.

The movies, however, are not of the entertainment variety. The only films being shown to Bucknell's squad are those of the past two games with Gettysburg college. Coach Lawrence is digging out the old pictures to impress upon the Bisons that the opener against Gettysburg this Saturday night, September 22, at Hershey is going to be a rough assignment.

Bucknell dropped a heart-breaker to Gettysburg by a 34-33 score in 1949 and found the sailing anything but smooth in posting a 20 to 15 triumph over the Battlefields last fall. Lawrence is using the projector to familiarize his squad with the type of football the opponent is like to use in the Rotary Bowl game Saturday.

Predicts Unexpected
"They'll do the unexpected," Lawrence has cautioned. "Watch out for fourth-down passes and be ready for those flank passes. Gettysburg will try to go around us and over us, and it wouldn't surprise me if Beam tries to run right through the middle. Be on the alert for anything and everything."

Since the Bisons will enjoy a considerable weight advantage, Lawrence punned that "a touchdown pass from a 90-pound back to a 110-pound end still counts six points, so just forget all the things you've heard and read about those little Gettysburg players. We outweigh them last year and the year before. You know what happened both times," the Bucknell coach added.

Hopper Named Cage Coach At Dickinson

Carlisle, Pa., Sept. 18 (AP) — John D. Hopper, of Camp Hill, former Dickinson college basketball coach, is the new head basketball coach at the college.

Hopper was named yesterday to succeed Charles (Chick) Kennedy, who died August 31.

Frank R. Maze, head football coach, was appointed acting athletic director, and head of the college physical education department, other positions held by Kennedy.

Weston Overholt, Glen Olden, Pa., was named assistant basketball coach.

Hopper, 28, graduated from Dickinson in 1948. He was a star player during his undergraduate days, and later was a member of the Harrisburg Senators of the Eastern Professional Basketball league.

GHS LOOKS TO DELONE; SEEK IMPROVEMENT

Initial plans for their game with Delone Catholic high school at McSherrystown Friday evening at 8 o'clock were begun by the Gettysburg high school griders Monday.

The Warriors, despite giving a general all-around fine performance in defeating a potent Hagerstown team 6-0 in their opener Saturday, have much room for improvement. Correcting the faults that cropped up against the Hubs will be one of the tasks upon which Coaches Howard Shoemaker and Ross Sachs concentrate this week.

It is the consensus of many fans the present Warrior team has a golden opportunity of becoming one of the best local teams in a number of years but it will take continued and ever-increasing effort on the part of the squad for each game.

In Delone the Warriors will be meeting a team that has held the upper hand consistently in the series between the schools. Ten games have been played to date and the Squires have topped eight of the contests.

Last year Gettysburg won 12-0 here and the only previous local victory was gained in 1942 when a 21-0 triumph was recorded.

Delone's victories came as follows: 1939, 6-0; 1940, 14-6; 1941, no game; 1943, 7-0; 1944, 25-0; 1945, no game; 1946, 13-6; 1947, 25-6; 1948, 13-6; 1949, 28-0.

The Squires will undoubtedly be another stiff opponent and Gettysburg will have to go all out if they hope to win.

FIFTY YEARS AGO

The President's Death: William McKinley, the third President of the United States to die by the hands of an assassin, breathed his last at 2:15 o'clock Saturday morning.

Our people, who but a few hours previously were rejoicing over the President's improved condition, were now overshadowed with sorrow and gloom.

The Burgess ordered the bells of the town to be tolled. Flags were draped and put at half-mast and the town mourned the death of the noble President of our great Nation.

Memorial Services: Memorial Services were delivered in the different churches of the town last Sunday. The Memorial Church of the Prince of Peace was draped in Mourning, the freeze of the tower being festooned also. In the absence of the rector, at York Springs, lay services were conducted by Judge McClean.

Appropriate sermons were delivered as follows: Rev. Dr. T. J. Barkley, Trinity Reformed; Rev. A. R. Steck, St. James Lutheran; Rev. M. Coover, Christ Lutheran; Rev. Father T. J. Crotty, St. Francis Xavier; Rev. D. W. Woods, Presbyterian; Dr. Charles McClean, Methodist; and Rev. L. C. Smiley, United Brethren.

Sales: Mrs. F. J. Buehler has sold her house on Baltimore street to Pius A. Miller.

Jerome Glass, of Uriah, sold his home to James Davis, of near Boiling Springs, for \$287.50. The Panus property near-by was sold to Thomas Glass for \$610.

Large Crowd: There were 3,873 of Baltimore's colored population conveyed to Gettysburg over the Western Maryland Railroad on Monday. It required four trains of eleven cars each to bring them here. The trolley line did a land office business, it being scarcely equal to the emergency of carrying them over the line.

Jennie Wade: The monument erected in the Evergreen Cemetery, at the head of the grave and in commemoration of the valorous deeds of the dead heroine—Jennie Wade—was unveiled last Monday. During the first and second days of the battle Jennie Wade was engaged in carrying water to the soldiers on the firing line and in helping to take care of the sick and wounded, and was killed on the third day while preparing to bake bread for the soldiers.

The movement for the erection of the monument was started by the Women's Relief Corps of Iowa, at the close of the National Convention, in Philadelphia, in 1899. These women have completed their task and this statue of marble will tell to the generations yet to come, the story in short, of the only woman killed in the battle of Gettysburg and to the women who compose the Relief Corps of Iowa, will stand as an honor to their society.

The monument was erected by Mrs. W. N. Miller, of this place, at a cost of \$1,000.

Mrs. Margaret F. Hinman, of Iowa, presided and performed her duties in an able manner. She also unveiled the monument and made an able speech. Among other things she said: "It is the only monument erected on any of the many battlefields of a woman, for a woman and by a woman."

Georgia Wade McClellan, of Denison, Iowa, gave the response. Rev. Dr. E. J. Wolf, President of the Evergreen Cemetery Association, made a very neat speech on behalf of the Association.

Immediately after the dedication, the Iowa ladies were given a dinner by Mrs. W. N. Miller at her residence on East Middle street.

Personal Mention: Mahlon R. Raby will go to Philadelphia, where he will study medicine. He will enter the University of Pennsylvania.

G. W. Chritzman and son, of Westminster, Md., will spend Sunday with Mr. and Mrs. William Chritzman.

Mr. Elaine Kitzmiller and bride, of York, spent Sunday with Mr. and

Today's Talk

By GEORGE MATTHEW ADAMS
ON SUSPECTING

A suspicious person, through force of habit, doesn't make a very good friend. He is liable to discover more than he suspected. But even that fails to dampen his search, finding what he never suspected!

The worst part of all suspicion is that the imagined, or hoped for, may be confirmed, though it may be a false suspicion. How ennobling to suspect good in a person, and find it! Most people are far finer in mind and heart than is ever suspected. How often we hear the remark that a certain person was never suspected of having the qualities of mind and character revealed upon a certain occasion.

Suspicious persons are an unhappy lot. On their expeditions they always return home with bad news. There are veins of gold in the human framework as real as those found in quartz mines. You just have to do a little digging as well as prospecting. It may have to be a patient process, but is almost sure to turn out thrillingly, for there may be a friend behind it all! And if that isn't worth prospecting for, I am at a loss to know what is.

The obituary columns are often starkly revealing. All the good things—not suspected—then come to the surface. He, or she, was a better person than ever was suspected! How much better, however, to have all this knowledge earlier.

I believe that all our faults and failures of character are easily more than balanced by the good in us, and that "other people" are quite the same in construction as any one of us—and perhaps far better. We ought to suspect that all persons we meet are important potentialities as human beings, and that to discover the good and inspiring in each is something like locating a bank of knowledge.

You can't locate a potential friend by first suspecting him. You have to open up your spiritual eyes and look deep. You have to be a Christopher Columbus on a voyage of discovery to the human heart!

Tomorrow Mr. Adams will talk on the subject: "Stick It Out!"

MODERN PHOTOGRAPHY
Beneath a cloth he didn't hide
Or bid me turn to left or right.
He didn't fling the curtains wide
To get a little extra light.
He didn't use a sturdy clamp
Lest movement of my head should show.

He got me with a flashing lamp.
How different from the long ago!

"Now just one more!" I heard him say,
Since all photographers say that.
But I recalled a by-gone day
When for a family group we sat.
How hard that gallery owner tried
To get us all in focus then,
When I was at the mother's side
Where here we'll never pose again.

How quickly time and skill improve
What once took tedious care to do!
Now, camera men will let you move
And hold you still with gadgets new.

A snap! And the photographer
Said: "Very nice, and that is all."
How different when we sat with her—
The mother and the children small.

BEEF PRICES ARE GOING UP

Washington, Sept. 18 (AP)—Beef prices are going up at wholesale and retail. So are butcher shop ceilings for ham, bacon and pork shoulder. For the housewife it will mean about two cents a pound more.

The government's Office of Price Stabilization (OPS) announced the increase in wholesale beef ceilings Sunday night and said the beef and pork retail hikes will be coming out in the next few days.

A beef carcass under the new wholesale ceilings, effective Wednesday, will be about a penny-a-pound higher. The OPS said this is necessary because prices for hides and fats from a beef animal have dropped to a point denting packer processing profits.

Two big midwest packing houses immediately protested that the penny increase is not enough to help them out of a squeeze between the price of live beef and the amount they can pay for it under ceiling regulations.

The higher beef wholesale prices will require the higher retail prices. These changes in butcher shop ceilings will average about 1½ to 2 cents a pound more to the housewife for beef cuts.

In adjusting wholesale beef prices the OPS also moved to correct what it said had been generally too high ceilings for the better cuts of beef and too low ceilings for cheaper cuts. The good steaks weren't selling too well, so OPS plans to cut choice porterhouse, for instance, about four cents a pound. Less desirable cuts which people were scrambling for will get increased ceilings.

U. S. ENGINEER IS HELD BY HUCKS

Manila, Sept. 18 (AP)—A 66-year-old American engineer, kidnapped by Communist Hucks Thursday, is alive in a Zambales mountains hide-out and is being held for ransom.

He is Henry W. Corp, formerly of Providence, R. I., engineer for the Pampanga sugar mill.

Corp disappeared Thursday near Del Carmen, 40 miles northwest of Manila.

A mill spokesman telephoned from Del Carmen Sunday that Corp was alive. He declined to say how the information was received from the Zambales mountains, nearly inaccessible range.

He said mill officers had conferred with Philippines and American authorities.

Corp's jeep, with four bullet holes in it, was found Friday abandoned in a shallow river.

That night a Philippines Army unit battled for an hour with a Huk band suspected of the kidnapping. The soldiers killed four Hucks but the rest escaped.

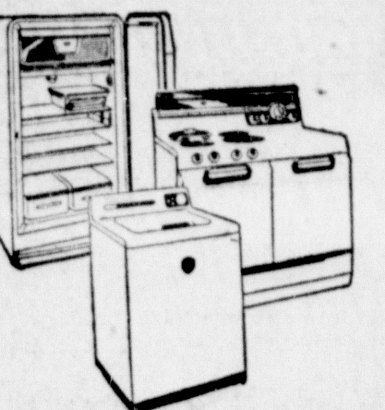

Corp's wife offered a \$5,000 reward for information on his whereabouts.

Democratic Nominee 'Won't Be A General'

Washington, Sept. 18 (AP)—President Truman is reported to have told former Senator Burton K. Wheeler he doesn't expect any general to be nominated on the 1952 Democratic ticket.

This apparently put a further presidential dent in rumors that Mr. Truman might decide to step aside in favor of Gen. Dwight D. Eisenhower at next year's convention — if the Republicans don't beat the Democrats and nominate the general first.

Senator Duff (R-Pa.) said on a television (CBS) program on Sunday he is "very confident" Eisenhower will accept a GOP bid "under the proper circumstances." Duff, an Eisenhower backer, said he thinks the general will be a candidate if he feels the people want him and if his duties in Europe do not interfere.

The President told a recent news conference he doesn't believe Eisenhower is interested in the Democratic nomination.

Need Help To Fight 100 Forest Blazes

Fire-plagued California appealed to neighboring Arizona for reinforcements Monday as overworked crews battled almost 100 fires knitting into the state's forestland.

Most of the fires were set by lightning yesterday, some 30 of them in the lush Carmel Valley alone. Others were touched off in Lake Mendocino and Humboldt counties farther north.

Winds of moderate gale velocity whipped the already large fire on Boardman Ridge in the Mendocino National forest to almost twice its earlier size. By last night it had blackened more than 6,700 acres—more than 33,000,000 board feet of pine.

Forest Supervisor Lee Thomas estimated the loss at \$100,000. More than 1,500 men, including San Quentin prison inmates, battled the fires.

SENATE AWAIT HOUSE TAX VOTE

Harrisburg, Sept. 18 (AP)—It's anybody's guess today on what will happen on taxes before the 1951 General Assembly adjourns, now tentatively set for September 28.

Even as a \$138,500,000 compromise tax program appeared on the House floor, the Administration clung to a hope that its income tax proposal would be resurrected in the Senate.

The tax package, featuring a one per cent levy on real estate transfers, was introduced late yesterday and given immediate approval by the House Ways and Means committee.

But Senate Republicans, despite a House request to express its opinion on the compromise tax program, sat on its hands yesterday. It took the position that since the House was in custody of the package any action by senators would be premature.

Speaker Herbert P. Sorg (R-Elk), although declining to predict the outcome of House action on the package, reiterated the viewpoint of Gov. John S. Fine that the one-half of one per cent income tax should be passed.

The income levy, designed to raise \$119,000,000 in two years, has languished in the Senate Finance committee since last April. As a result,

Vienna, Austria, Sept. 18 (AP)—The Russian news agency Tass said last night a Bucharest military court has convicted and sentenced 10 Romanians as "spies and traitors," including Msgr. Agostino Pacha, Roman Catholic bishop of Timisoara.

Tass reported the 82-year-old bishop was sentenced to 18 years. He was charged with membership in a "group of spies and traitors" working for "Anglo-American imperialism" and the Vatican.

LIVE POULTRY — Market dull. Receipts light. Trading light, some hens found in Baltimore. Selling prices per FRYERS — 3 1/2 pounds and up, few 5 1/2c. HENS — Heavy type, few 28—30c.

CATTLE — The largest fresh supply was expected at the Union Stockyards in a year when the run was estimated at 2,800 today. In addition to the fresh cut there were approximately 500 on hand. The market was very active. Supply was around 600 head larger than last Monday's run but not material different than the movement a year ago.

Receipts made up mainly of graded on grass and grass-fat steers and yearlings. The bulk of the supply consisted of two-way or straight stock and feeder calves. The market was largely cows but included about a normal supply of heifers and bulls.

Little active change in price. Active trade and sold mostly steady compared with last Thursday's dealings. A larger percentage of Utility and Commercial grade steers, including a few heifers, receipts than recently. Bulk of good and choice offerings, \$34—35.75, but \$21.50, but utility and commercial offerings, \$24.50—29.

Dealings in cow compartment rather slow and steady. Few commercial grade cows included in the run met first action and sold fully steady. Later trading steady to slow. Most of the bulk of the offering, \$24—25.75, but \$21.50, but utility and commercial offerings, \$24.50—29.

Bulls moved very slowly but showed little net change in price value. Commercial grade sausage, \$28—31.25 in most cases, most of utility bulls, \$25—25.50. Lightweight cutter bulls, \$22—24.50.

A broad demand noted in opening prices for practically all weights and grades of stock. The market was unevenly steady to 50c. higher with opening. A couple of lots of good and choice 406-517-pound stock calves, \$37.50—38 to mark the highest prices paid locally. But midline. Big majority of the run consisted of medium and good grade offerings, including practical head weights from 425 to 1,100 pounds, \$30—35.50. Odd lots of medium grade feeders to \$29 and a small lot of top-grade feeders, \$36.

CALVES — All weights and grades of calves and vealers about steady with last Friday but dealings only moderately active. Choice and prime vealers, \$39—40, top 40. Mixed good to prime, \$36—39; commercial to good vealers, \$30—36, with small and utility, \$28—39; bulk sales around \$25 and above.

HOGS — Small supply of hogs on offer, hardly sufficient for the broad demand and trading fairly active. General upturn of 25c. noted for all weights and grades compared with last Friday's quotations. Few scattered small lots of closely sorted choice 180-220-pound barrows and gilts, \$22, extreme top. Bulk of choice 170-200-pound offerings, \$21.25—21.75; 240-280 pounds, \$20.75—21.25; 260-300 pounds, \$19.50—20.75. Few tops over 300 pounds from \$19.25 mark, according to weight and condition. Lighter weight offerings 120-140 pounds, \$18—18.50, while 140-160 pounds, \$20—20.50.

Choice sows less than 400 pounds, \$17.75—18.50; 400-450 pounds, \$16.75—17.25; over 450 pounds downward from \$16.25 mark, depending on condition and weight. Stags discounted \$2—3 from price for the same weight sows.

SHEEP — Supplies in the sheep and lamb department were late in arriving

and sold mostly steady compared with last Thursday's dealings. A larger percentage of Utility and Commercial grade steers, including a few heifers, receipts than recently. Bulk of good and choice offerings, \$34—35.75, but \$21.50, but utility and commercial offerings, \$24.50—29

Today's Talk

By GEORGE MATTHEW ADAMS
ON SUSPECTING

A suspicious person, through force of habit, doesn't make a very good friend. He is liable to discover more than he suspected. But even that fails to dampen his search, finding what he never suspected.

The worst part of all suspicion is that the imagined, or hoped for, may be confirmed though it may be a false suspicion. How embarrassing to suspect good in a person, and find it! Most people are far finer in mind and heart than is ever suspected. How often we hear the remark that a certain person was never suspected of having the qualities of mind and character revealed upon a certain occasion.

Suspicious persons are an unhappy lot. On their expeditions they always return home with bad news. There are veins of gold in the human framework as real as those found in quartz mines. You just have to do a little digging as well as prospecting. It may have to be a patient process but is almost sure to turn out thrillingly, for there may be a friend behind it all! And if that isn't worth prospecting for, I am at a loss to know what is.

The obituary columns are often starkly revealing. All the good things—not suspected—then come to the surface. He, or she, was a better person than ever was suspected. How much better, however, to have all this knowledge earlier.

I believe that all our faults and failures of character are easily more than balanced by the good in us, and that "other people" are quite the same in construction as any one of us—and perhaps far better. We ought to suspect that all persons we meet are important personalities as human beings, and that to discover the good and inspiring in each is something like locating a bank of knowledge.

You can't locate a potential friend by first suspecting him. You have to open up your spiritual eyes and look deep. You have to be a Christopher Columbus on a voyage of discovery to the human heart!

Tomorrow Mr. Adams will talk on the subject: "Stick It Out!"

Just Folks

By EDGAR A. GUEST
MODERN PHOTOGRAPHY
Beneath a cloth he didn't hide
Or bid me turn to left or right.
He didn't fling the curtains wide
To get a little extra light.
He didn't use a sturdy clamp
Lest movement of my head should show.

He got me with a flashing lamp.
How different from the long ago!

"Now just one more!" I heard him say.
Since all photographers say that.
But I recalled a by-gone day
When for a family group we sat.
How hard that gallery owner tried
To get us all in focus then.
When I was at the mother's side
Where here we'll never pose again.

How quickly time and skill improve
What once took tedious care to do!
Now, camera men will let you move
And hold you still with gadgets new.

A snap! And the photographer
Said: "Very nice, and that is all."
How different when we sat with her—
The mother and the children small.

BEEF PRICES ARE GOING UP

Washington, Sept. 18 (AP)—Beef prices are going up at wholesale and retail. So are butcher shop ceilings for ham, bacon and pork shoulder. For the housewife it will mean about two cents a pound more.

The government's Office of Price Stabilization (OPS) announced the increase in wholesale beef ceilings Sunday night and said the beef and pork retail hikes will be coming out in the next few days.

A beef carcass under the new wholesale ceilings, effective Wednesday, will be about a penny-a-pound higher. The OPS said this is necessary because prices for hams and fats from a beef animal have dropped to a point denying packer processing profits.

Two big Midwest packing houses immediately protested that the penny increase is not enough to help them out of a squeeze between the price of live beef and the amount they can pay for it under ceiling regulations.

The higher beef wholesale prices will require the higher retail prices. These changes in butcher shop ceilings will average about 1 to 2 cents a pound more to the housewife for beef cuts.

In adjusting wholesale beef prices the OPS also moved to correct what it said had been generally too high ceilings for the better cuts of beef and too low ceilings for cheaper cuts. The good steaks weren't selling too well, so OPS plans to cut choice porterhouse, for instance, about four cents a pound. Less desirable cuts which people were scrambling for will get increased ceilings.

U. S. ENGINEER IS HELD BY HUCKS

Manila, Sept. 18 (AP)—A 66-year-old American engineer, kidnapped by Communist Hucks Thursday, is alive in a Zambales mountains hide-out and is being held for ransom.

He is Henry W. Corp formerly of Providence, R. I., engineer for the Pampanga sugar mill.

Corp disappeared Thursday near Del Carmen, 40 miles northwest of Manila.

A mill spokesman telephoned from Del Carmen Sunday that Corp was alive. He declined to say how the information was received from the Zambales mountains, nearly inaccessible range.

He said mill officers had conferred with Philippines and American authorities.

Corp's jeep, with four outlet holes in it, was found Friday abandoned in a shallow river.

That night a Philippines Army unit battled for an hour with a Huk band suspected of the kidnapping. The soldiers killed four Hucks but the rest escaped.

Corp's wife offered a \$5,000 reward for information on his whereabouts.

"Turnpike" became a U. S. term for toll roads in early days when roads were blocked by a pole studded with pikes until the traveler paid the toll when the pole was turned aside.

Democratic Nominee 'Won't Be A General'

Washington, Sept. 18 (AP)—President Truman is reported to have told former Senator Burton K. Wheeler he doesn't expect any general to be nominated on the 1952 Democratic ticket.

The apparently put a further presidential cent in rumors that Mr. Truman might decide to step aside in favor of Gen. Dwight D. Eisenhower at next year's convention — if the Republicans don't beat the Democrats and nominate the general first.

Senator Duff (R-Pa.) said on a television (CBS) program on Sunday he is "very confident" Eisenhower will accept a GOP bid "under the proper circumstances." Duff, an Eisenhower backer, said he thinks the general will be a candidate if he feels the people want him and if his duties in Europe do not interfere.

The President told a recent news conference he doesn't believe Eisenhower is interested in the Democratic nomination.

Need Help To Fight 100 Forest Blazes

Fire-plagued California appeals to neighboring Arizona for reinforcements Monday as overworked crews battled almost 100 fires knifing into the state's forestland.

Most of the fires were set by lightning yesterday, some 30 of them in the lush Carmel Valley alone. Others were touched off in Lake Mendocino and Humboldt counties farther north.

Winds of moderate gale velocity whipped the already large fire on Boardman Ridge in the Mendocino National forest to almost twice its earlier size. By last night it had blackened more than 6,700 acres—more than 33,000,000 board feet of pine.

Forest Supervisor Lee Thomas estimated the loss at \$100,000. More than 1,500 men, including San Quentin prison inmates, battled the fires.

SENATE AWAIT'S HOUSE TAX VOTE

Harrisburg, Sept. 18 (AP)—It's anybody's guess today on what will happen on taxes before the 1951 General Assembly adjourns, now tentatively set for September 23.

Even as a \$138,500,000 compromise tax program appeared on the House floor the Administration clung to a hope that its income tax proposal would be resurrected in the Senate.

The tax package, featuring a one per cent levy on real estate transfers, was introduced late yesterday and given immediate approval by the House Ways and Means committee.

But Senate Republicans, despite a House request to express its opinion on the compromise tax program, sat on its hands yesterday. It took the position that since the House was in custody of the package any action by senators would be premature.

Speaker Herbert P. Sorg (R-Elk), although declining to predict the outcome of House action on the package, reiterated the viewpoint of Gov. John S. Fine that the one-half of one per cent income tax should be passed.

The income levy, designed to raise \$119,000,000 in two years, was introduced in the Senate Finance Committee since last April. As a result,

18 Convicted In Bucharest Court

Vienna, Austria, Sept. 18 (AP)—The Russian news agency Tass said last night a Bucharest military court has convicted and sentenced 18 Romanians as "spies and traitors," including Major Agostino Facha, Roman Catholic bishop of Timisoara.

Tass reported the 32-year-old bishop was sentenced to 18 years. He was charged with membership in a "group of spies and traitors" working for Anglo-American imperialism and the Vatican.

Five other defendants received life imprisonment, Tass said, and the other four heavy sentences.

NEW RED BLOC FORMED

Hamburg, Germany, Sept. 18 (AP)—Thirty former Russian officers and soldiers called on all Russian refugees Sunday night to join them in acquainting the west with the true facts about the Soviet Union.

The group met to found a "society of postwar refugees from the Soviet Union."

Washington, Sept. 18 (AP)—The hydrogen bomb project became a billion dollar venture today. President Truman asked Congress for an additional \$484,240,000 for the Atomic Energy commission's Savannah River plant—where work on the awesome H-bomb is scheduled to get underway. The request brought the total for the South Carolina project to \$1,180,000,000.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

The President's Death: William McKinley, the third President of the United States to die by the hands of an assassin, breathed his last at 2:15 o'clock Saturday morning.

Our people, who but a few hours previously were rejoicing over the President's improved condition, were now overshadowed with sorrow and gloom.

The Burgess ordered the bells of the town to be tolled. Flags were draped and put at half-mast and the town mourned the death of the noble President of our great Nation.

Memorial Services: Memorial Services were delivered in the different churches of the town last Sunday. The Memorial Church of the Prince of Peace was draped in Mourning, the freeze of the tower being festooned also. In the absence of the rector, at York Springs, lay services were conducted by Judge McClean.

Appropriate sermons were delivered as follows: Rev. Dr. T. J. Barkley, Trinity Reformed; Rev. A. R. Steck, St. James Lutheran; Rev. M. Coover, Christ Lutheran; Rev. Father T. J. Croft, St. Francis Xavier; Rev. D. W. Woods, Presbyterian; Dr. Charles McClean, Methodist; and Rev. L. C. Smiley, United Brethren.

Sales: Mrs. F. J. Buehler has sold her house on Baltimore street to Pius A. Miller.

Jerome Glass, of Urich, sold his home to James Davis of near Boiling Springs, for \$287.50. The Farnus property near-by was sold to Thomas Glass for \$610.

Large Crowd: There were 3,873 of Baltimore's colored population conveyed to Gettysburg over the Western Maryland Railroad on Monday. It required four trains of eleven cars each to bring them here. The trolley line, a land office business, it being scarcely equal to the emergency of carrying them over the line.

Jennie Wade: The monument erected in the Evergreen Cemetery at the head of the grave and in commemoration of the valorous deeds of the dead heroine—Jennie Wade—was unveiled last Monday.

During the first and second days of the battle Jennie Wade was engaged in carrying water to the soldiers in the firing line and in helping to take care of the sick and wounded and was killed on the third day while preparing to bake bread for the soldiers.

The monument for the erection of the monument was started by the Women's Relief Corps. It was at the time of the National Convention in Philadelphia in 1909. The monument was completed in 1914.

The monument was unveiled by Mrs. W. N. Miller. It was placed at the head of the grave.

13 OF 20 KILLED BY STUNT PLANE ARE CHILDREN

Flagler, Colo., Sept. 18 (AP)—A Civil Aeronautics board official says CAA regulations obviously were violated in an air show plane crash which killed 20 persons.

Seventeen persons were injured. A stunt plane plunged into closely parked cars and spectators during the air show in this small farming town Saturday.

Regional CAB Chief R. P. Parrish, directing a probe Monday, said:

"It was obvious the pilot was too close to the crowd."

He described the crash as "the worst tragedy involving a small aircraft in this country's aviation history."

He said it would be five days before it will be known if there is to be a public inquiry. The decision, he said, will be made in Washington.

Tried Barrel Roll

The 20, including the pilot, were killed or fatally injured as a low wing monoplane stunt craft crashed and scattered over 150 yards packed with rows of parked cars and spectators at an air show highlighting the

Fiegler fall festival. The wing of the plane snagged on wheat stubble as the pilot, First Lt. Norman L. Jones, a student at the Lowry Air Force Base Photo School on temporary duty from Davis-Monthan base at Tucson, Ariz., did a barrel-roll in the civilian craft. The plane cartwheeled into the crowd and disintegrated.

"I could see parts of the plane fly over the cars," said the Rev. Edward Dinan, a Catholic priest.

13 Children Killed

There were 13 children among the dead. Two of them were a daughter and son of Charles Keller, who also lost his wife in the tragedy.

"God, it was awful," Keller said as if to himself. "It was awful."

Sunday, at a special mass, Father Dinan said, "As you live, so shall you die."

"This has not removed the sorrow," said the priest, "but it does remove the bitterness."

Washington, Sept. 18 (AP)—College students who get good enough marks will continue to be deferred from the draft despite larger draft calls, a Selective Service official said Sunday night.

Only a "substantial change" in the size of the armed forces, now set at 3,500,000, would change the present deferment schedule for college men, Daniel Omer, general counsel for Selective Service, told a radio (Liberty net work) audience.

13 OF 20 KILLED BY STUNT PLANE ARE CHILDREN

Flagler, Colo., Sept. 18 (AP)—A Civil Aeronautics board official says CAA regulations obviously were violated in an air show plane crash which killed 20 persons.

Seventeen persons were injured. A stunt plane plumed into a field parking cars and spectators during the air show in this small farming town Saturday.

Regional CAB Chief P. P. Penhall, ordering a probe Monday said.

It was obvious the pilot was too close to the crowd.

He described the crash as "the worst tragedy I have seen in an air show in this country's aviation history."

He said it would be five days before it could be known if there is to be a public inquiry. The crash, he said, was made in Washington.

Tired Barrel Roll
The 20 killed in the plane crash were all children or family members of a pilot who had been stunt flying for 15 years.

Elegiac fall festival
The wing of the plane snagged on wheat stubble as the pilot, First Lt. Norman L. Jones, a student at the Lowry Air Force Base Photo School on temporary duty from Davis-Monthan base at Tucson, Ariz., did a barrel-roll in the civilian craft.

The plane careened into the crowd and disintegrated.

I could see parts of the plane fly over the car, said the Rev. Edward Diman, a Catholic priest.

13 Children Killed
There were 13 children among the dead. Two of them were a daughter and son of Charles Keller, who also lost his wife in the tragedy.

God was awful, Keller said as he lay in bed. "I was awful."

Survivors of a special mass Father Diman said. "As you live, so shall you die."

This has not removed the sorrow, said the priest, "but it does remove the bitterness."

Washington, Sept. 18 (AP)—College students who let good enough marks to be deferred from the draft, despite larger draft calls, a Service official said Sunday.

Only a "substantial" change in the level of the armed forces now set at 300,000 would change the present deferment schedule for college men, he said.

On the other hand, a general counsel for the Service said a radio Liberty network audience.

nomination of Ambassador Philip C. Jessup as a United Nations delegate. Senator Taft (R-Ohio) was reported to have told some of his colleagues he doubts that the Repu-

lians could stop the confirmation of Jessup. It was said to be Taft's attitude there is little to be gained in a losing fight. Only a simple majority vote is needed to confirm.
